

We Love 2nd Grade!

We have a wonderful year of fun in 2nd grade. In Math Matt and Paddy (a beaver) take us to a different country in each chapter.

In Science we grow green beans and even taste them! Some of us like them raw! We watch cool videos about butterflies and frogs.

Reading is so important that we have three contests each year. We have prizes for making the goal each week, plus a movie, popcorn, and drink for all who finish the required minutes.

We also have prizes for the top three readers!

We love to visit Imagine It, The Braves Stadium, The Rock Ranch, Cagel Dairy, and Stone Mountain. The library and fire station are also great fun.

We hang stockings each December and enjoy filling them with candy and toys for each of our classmates.

We love Spirit Week and we have won the spirit stick three years in a row.

We would love to have YOU in our class!

GO EAGLES!
