| April 16-20 | Iowa Testing |

Principal's Pen

Welcome to April and welcome back to school. I trust your spring break was refreshing and that you enjoyed Easter services at your church. Although we have a variety of churches represented here at BBCS, we share the common eternal hope based on the reality of Christ's resurrection.

This week is a big week for 48 of our students as they compete in a number of areas using the talents that God has given and that they have developed. Thanks for your prayers for their success. Some elementary students will begin their annual standardized testing this week. We test every student, every year to track performance, ability and as another valuable means of assessment for our students. Results are available near the conclusion of the school year.

I am praying for a great week for all our students and grateful for God's goodness to Bible Baptist Christian School.

Dr. C

AACS Nationals

Departure time: Tuesday, April 10 approximately 1:15 p.m.

Return time: Friday, April 13 approximately 1:00 p.m.

We will still have profitable classes for students not attending this trip.

Traffic in the morning: We all want the drop off and pickup of students to be as safe and convenient as possible. Recently some of our families who are dropping off students the last five minutes or so before school starts are not pulling up all the way to the last cone, thus holding up traffic and creating unnecessary congestion. Thank you in advance for helping out with this opportunity not only to drop off students in the safest way possible, but also to be considerate of others.

BJU Afterschool help: A month ago, in our newsletter we featured a great opportunity to help students in language arts and math. To make it easier to access, we have posted the link on our website. Any students who need help / practice in these areas will benefit from spending time on this site. Just click on our BCS website home page and you will see the link at the bottom or click here on this amazing free resource. <http://afterschoolhelp.com/>

Teacher and Staff Appreciation Week coming up April 30th-May 4th! Look for details in next week's newsletter.
