Principal's Pen

The end of soccer, which occurred this Friday, and the end of volleyball, which took place last Saturday puts an exclamation mark at the end of our first quarter which ended last Tuesday. Last year, our soccer team did not advance to the final; so it was an honor to be in the championship game this year where the team ended up taking second in the state. We were also honored to host the annual GACS volleyball tournament, an event for which Mr. Sam Prusak (as always) did an admirable job preparing for and overseeing the event. Congratulations to him and to our players who came in fourth in the state tournament.

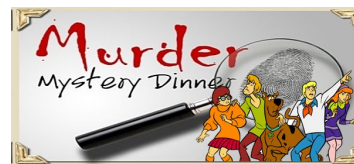

I look forward to seeing many of you Friday at our annual parent teacher conferences. We invite all parents, but these conferences are particularly important if your child has low or failing grades. The best step to developing the most efficient strategy to assist your child is to discuss your child's needs with the teacher.

Thanks so much for your support and prayers this quarter, and we are looking forward to a great second quarter which will feature many basketball events, our annual Thanksgiving feast for students, ongoing preparation for fine arts competition, and our exciting Christmas concert. Have a great week.

Dr. C
