

April 1, 2019

Principal's Pen

I hope that you are enjoying some quality family time together over spring break. April is finally here; and it is our experience that, although time moves at the same rate, April and May come and go very quickly because of the many events that are scheduled.

Thanks goes to the seniors for a great drama (directed by Mrs. Kiel) last Thursday evening. Each year the senior speech class selects and performs a dramatic production; and once again this year, we enjoyed a very humorous play.

Continue to pray for our students as they make final preparations for national fine arts competition, April 9 - 11.

Enjoy your week! School is back in session Monday, April 8.
