

April 9, 2019

Principal's Pen

I hope your spring break was wonderful and that you are all prepared for the last seven weeks of school. This week on Wednesday and Thursday, forty-one of our high school students will be competing at the annual AACS competition in Greenville, South Carolina. Next week, our students will begin the process for standardized testing with the Iowa test of basic skills. This valuable testing opportunity will take place during the morning hours of the week.

Preparing for elementary fine arts competition on Friday, April 26, are our fourth through sixth grade elementary students. Many of our parents take off time from work for this inspiring day, and you will not be disappointed if you are able to attend. Following elementary competition, we will end the month of April with our delightful annual spring concert, Tuesday, April 30.

Have a great week!
Dr. C
