

February 2, 2021

Principal's Pen

This week begins the month of February, and I hope it will be a wonderful month for each member of our BBCS family.

After the next few busy and productive two weeks our students will enjoy a full week off from school, February 15 - 19. I am praying that winter break will be a time of refreshing as we prepare to transition into early spring.

Basketball season will wrap up for our Junior Varsity and Varsity teams at the end of next week. Between now and the end of the basketball season, we will be reaching out to students to determine the interest level for boys baseball, girls soccer, and golf. Each of these events started last year and was unceremoniously halted last year, but we hope that with a new year and additional vaccines encouraging some people, that there will be enough interest to field the teams.

Preparation is under way for our senior play, elementary fine arts showcase (scheduled for Friday, April 23), and JH/SH fine arts showcase (scheduled for Thursday, April 29). Thanks for encouraging your child in the performing arts in which he or she is preparing. As noted in previous correspondence, there will be some other times when students will perform during the next few months.

Have a great week, stay encouraged, stay healthy and stay warm!

Dr. C
