## Principal's Pen

Thanks to the many grandparents who attended our annual grandparents' day. Even though we were not able to do as much for grandparents as we normally do, it was fun to have many in attendance for the program with many more parents and grandparents enjoying the theme of "smiling" as they watched online. If you missed the program, you can still view it on our school facebook page.

We thank the Lord for his grace in helping us through this first quarter of school which ends today, Tuesday. As you may note on our calendar, finalized grades will be available in FACTS on the sixteenth.

Intramural soccer will have a few more sessions, finishing on October 15. Girls volleyball is in the process of wrapping up over the course of the next few weeks.

Due to the success we have had with the current COVID protocols, we will continue to assess every fourteen days, but will still keep the current "yellow" status as featured on our website. You can click our website to review these expectations. Overall, we will continue to limit building entry to only students and faculty, will regularly check temperatures, will require masks for entry, and, in common areas, will encourage continued hand sanitizing, and incorporate social distancing as much as we are able.

Next Monday is a day off from school, but not a day off for most of our teachers. They will be helping out in many capacities for our annual golf fundraising event. We could still use a few more golfers to couple having fun with helping to raise funds for our school. It is because of your past involvement that we have AC in our gym, will soon have a walkway between the gym and the back of the school, and, our newest project, will be raising money for a van to be used for field trips, athletics, and other school events. Even if you don't golf, you may know someone who can help us, or you could be a hole sponsor or help out in some other way.

This last Saturday, we were able to repour the concrete for the sidewalk between the school and the gym to allow us to continue to build our covered walkway. We are excited about the progress on this project. If you are interested in helping, just email me. Then when we coordinate a workday to assemble the walkway, we will include you in the project.

Stay encouraged,

Dr. C
