## Principal's Pen

We are now in our seventh week of school, and next week our students will enjoy three days off of school while our teachers attend educational workshops at Myrtle Beach. It is my prayer that the break will refresh our students and that, returning, they will press forward to finish this first quarter of school well. It is also my prayer that the break will refresh our teachers and that the convention will provide them with even more ideas and practices to incorporate into the education of our students.

In approximately one month, we will wrap up our soccer and volleyball seasons. I appreciate many of you supporting our teams in home games. The soccer season has been unusually hot, but we are told that the weather will break this week and cooler temperatures are on the way as we finish up our season.

There is still time to support our annual golf tournament in a number of ways. Please pick up a brochure for ideas on how you might help.

Thank you for your continued prayer and support.

Dr. C
