

## September 1, 2020 Principal's Pen

We do not take the good health of our students and faculty during the first three weeks of school for granted, but do thank the Lord specifically for that answered prayer. Both teachers and students have been blessed to be COVID free, yet we know that amidst the pandemic, even as it wanes, we will still have colds, flu, etc., to contend with in the days ahead. Thank you again for your part in cooperating with temperature checks, staying at home if there are any health questions, and continuing to cooperate with mask and handwashing protocol.

We have recently welcomed two new students, and we continue to diminish our online school population as more students have decided to rejoin our "in person" ranks as of this Monday.

For our google online students and for any that might need to be online in the event that they face sickness, new emails have been issued for every single student. A student may have as many emails as desired, but it is this gmail, just issued, that will work best with our google classroom; so using it should avoid many of the repeat "invites" that we had to issue over the last few weeks. Thanks for your cooperation with using this new gmail for online classes.

Don't forget that next Monday is Labor Day and in celebration of that, we have no school. Enjoy this special day and don't forget to thank the Lord for His great goodness to your family and our BBCS family.

Stay encouraged.

Dr. C

## **Don't wait until report cards to check your child(s) grades!**

One of the values of having FACTS is the ability to check your child's grades at any time. Since three weeks is now complete, it would be wise to take a look at your child's(ren's) grades to ensure that they are keeping up with their work. If you have any questions after talking with your child, feel free to reach out to your child's teacher(s).
